Glades General opts for self-insurance plan

BELLE GLADE— The Glades General Hospital Board of Directors have opted for a self-insurance plan that could save the hospital as much as \$1 million a year.

The board decided to declare sovereign immunity, a protection allowed to hospitals that are supported by tax dollars, and insure itself. Professional and general liability claims for hospitals claiming sovereign immunity are limited by law to a maximum of \$200,000 per occurrence or \$100,000 per person. The self-insurance plan will cover those claims.

After experiencing a "revolving door" situation in which three forms of liability insurance have been adopted by the board in as many years, Hospital Administrator Patrick Lennon feels Glades General now has an insurance plan it can afford.

In 1984, the hospital was insured by a blanket policy covering any claims which were filed during the year, no matter when they were filed.

The hospital faced a premium jump from about \$300,000 a year to more than \$900,000 this year had the board decided to stay with it.

Instead, the directors adopted a policy that cost \$232,000, but which won't cover cases that are filed after Friday, when the current policy expires.

That policy, if renewed for next year, would cost some \$600,000, Lennon said. The premiums would continue to climb in future years, he added.

Besides the premium increase, the total coverage would drop from \$10 million to \$1.3 million, the maximum available for next year.

Metzger and Sonneborn, the legal firm which has represented the hospital in malpractice suits, will administer the self-insurance fund and continue to provide legal counsel.

Cath Sims and Ruth McMahon, representatives of the firm, recommended the directors set up a self-insurance fund and agreed to float

South Bay okays transfer of Sunbelt franchise pact

SOUTH BAY—City commissioners hope further talks with a new cable television company will yield better service for area residents.

Commissioners voted Tuesday night, Dec. 3, to transfer Sunbelt Cable Ltd.'s local franchise to Cablevision Industries of Middle Florida, Inc. Cablevision will assume all obligations of Sunbelt.

In a Nov. 22 letter, to Mayor Clarence Anthony, Sunbelt vice-president James L. Reich Jr. said it is in the best interest of Sunbelt to sell its assets within the Glades.

According to Anthony, Sunbelt is consolidating its holdings in the Palm Beaches and is dropping the Glades area.

Sunbelt is also transferring its franchises in Belle Glades and Pahokee to Cablevision. Both cities are considering the transfer this week.

Sunbelt Cable has operated in South Bay since June, 1983. Cablevision, which has been in the cable television business for 33 years also has systems in New York, Pennsylvania and Massachusetts. Its national headquarters are in Liberty, N.Y. State headquarters are in Deland.

When one local resident complained of poor cable reception, South Bay city commissioners

assured her they had informed the representative from Cablevision as to what they expected from the company, stressing that service should be provided within 24 hours.

In other business, the commission also passed an ordinance levying a tax of seven percent for telecommunications service within the city. The tax will be charged to telephone calls purchased within the city and originating or terminating in the state of Florida.

Mayor Anthony also praised the Youth Advisory Council for their delivery of food baskets to three needy families for Thanksgiving. Citing a need for more services to the poor, Anthony said he hoped that more projects will be forthcoming.

Local police recover stolen trucks loaded with electronic equipment

SOUTH BAY of \$400,000. Chief Roy Humston, South Bay Police Department, said one truck, loaded with \$120,000 to \$125,000 worth of equipment was recovered in the parking lot of Swifty's Food Store at U.S. 27 and Rock Road in South Bay around 11:00 a.m. Monday.

The second truck was found by sheriff's officers near the Okeelanta curve, approximately 11 miles south of that city on U.S. 27 loaded with approximately the same amount of equipment. Since the keys were found in the ignitions of both trucks and the trailer doors were unlocked, Humston feels the drivers apparently fled shortly before the rigs were seized. Humston said an employee of Star Distribution, Incorporated, a Tampa-based

ALPHA tumblers ready for December 18 debut

By ERIC KOPP

BELLE GLADE—The Lumie Tumblers, a gymnastics group made up of members of the ALPHA Club at Lakeshore Elementary School, have begun preparations for their first presentation December 18.

ALPHA counselor and gymnastics instructor Ronald Cook said he has 26 students trying out for the 18 man squad that will give their first demonstration in the school's cafeteria beginning at 7:30 p.m.

The group puts on tumbling exhibitions at shows, parades and whenever they are requested said Cook.

Cook said the group is made up of students between the ages of 11 and 15.

He said they hope to enter competitions in West Palm Beach, but currently there are no groups there competing in that age span.

Gene Pyfrom, a gymnastics coach in Memphis, Tennessee, is working with the students for a few days this week to prepare them for competitions.

Cook said for the first time in his three year tenure as coach there are two young ladies trying out for the squad.

"We've never had girls try to make the team before. They're trying real hard and have a good chance at making the team," he said.

He said the final cut for the team will be December 15.

ONE OF THE ALPHA STUDENTS and a member of Lumie Tumblers does a backflip to loosen up before beginning practice.

Woman hurt in sexual battery attempt

PAHOKEE -- A Pahokee man has been arrested by police on charges of aggravated assault and attempted sexual battery for his connection in an incident which began in a bar in Belle Glade.

Patrolman Mike Harlow, Pahokee Police Department, said Eric Cain, 53, 816 Jefferson Ave., was arrested last Friday and placed in the Palm Beach County Jail under a \$3,000 bond.

Detective L.D. Grieve, Belle Glade Police, said he has applied for warrants

which call for the arrest of Cain on charges of false imprisonment and simple battery which occurred at the Hollywood Bar.

According to Pahokee police reports Cain allegedly used physical force to remove the woman from the bar and place her in his car.

Harlow said the man drove to the parking lot at the New Macedonia Baptist Church at 502 Bpous Ave., Pahokee, where the assault reportedly took place.

Sources said the police department received a phone call from a citizen saying a man was trying to put a woman in his car against her will.

When Harlow and Patrolman Gary Burroughs arrived they saw the man reportedly slapping the woman and dragging her in the direction of his vehicle. Police reports state when Harlow exited his vehicle Cain released the woman who was hysterical, disheveled and bleeding from the knees.

The officer said the woman also had a knot on her forehead. She told officers

after Cain parked the vehicle in the church parking lot he attempted to force her to have sex with him.

She said when the opportunity availed itself she jumped from the car and ran but was supposedly overtaken by Cain.

Harlow said while the man was supposedly trying to drag her back to his car she spotted a friend and called out for them to phone the police.

Lewd and lascivious charges filed on man

PAHOKEE -- Pahokee police have arrested a 51 year old Pahokee man after he allegedly offered a 13 year old girl \$5 to have sex with him.

Patrolman Dennis Hodges said Roy Anderson, 636 Rardin Ave., was arrested Tuesday and charged with lewd and lascivious acts on a minor.

According to police reports a concerned neighbor contacted Patty Bullock of the Division of Youth Services and expressed concern about the child's welfare.

The counselor then notified police. Hodges spoke with the child who told him not only had Anderson supposedly offered her the money, but for some time had reportedly been grabbing and fondling her.

The girl told Hodges the episodes were never reported because she, her mother and sister were afraid of the man. She told the officer of one incident when Anderson became angry with her and her sister and supposedly chased them with a cane knife. The officer said the girl's older sister told him Anderson never bothered her because he didn't like her, but was all the time grabbing at her younger sister because he liked her.

Encephalitis detected in poultry here

Some sentinel chickens at several locations throughout Palm Beach County, which were tested in late October and early November have now been reported as having the St. Louis encephalitis virus infection. Five sentinel chicken flocks are located in Palm Beach County to monitor St. Louis encephalitis virus activity. All of the sentinel chickens were tested in September 1985 and no evidence of virus activity was detected at that time.

This information is significant because the occurrence of SLE in chickens means that it could begin to appear in humans. SLE is a viral disease which is spread to humans by the bite of a night biting mosquito which primarily feeds on birds but which also feeds on humans under some conditions. It is not spread from person to person. Infection may cause disease of the central nervous system, or death in some cases, particularly in persons over the age of 50.

As a result of the recent findings of infected chickens, HRS is recommending that residents take precautionary measures to prevent mosquito bites. These include avoiding unnecessary outdoor activities from the hours of dusk and during the night, using a mosquito repellent and protective clothing when one must be outdoors during this period time, eliminating stagnant water in household containers or lily ponds in which mosquitoes might breed, and checking to make certain household screens are in good repair. Also, mosquito control is increasing mosquito spraying activities throughout Palm Beach County. These are precautionary measures only.

since no confirmed yet been reported in cases of SLE have as Florida this year.

West Tech student wins honors

John Crane, a student in the Diesel and Heavy Equipment Mechanics class at West Tech received regional honors recently.

The event was a job skills competition held in Miami Nov. 20, sponsored by the Kelly Tractor Caterpillar dealerships of South Florida. Some of the top diesel mechanics students in the area took part in the event.

Crane, who placed third in the event, is nearing completion of his training and will soon be ready to enter the job market, according to Glenn Rosenberger, an instructor in West Tech's Diesel and Heavy Equipment Mechanics department.

"We have no problem placing a person of Crane's talent on the job," said Rosenberger. "He is looking for a better offer."

Crane, an Okeechobee resident, says he doesn't mind the long commute. "The training facility is excellent and the instructors are great," said Crane. "The drive is well worth it to me."

Joe Harrison, the other half of West Tech's Diesel and Heavy Equipment teaching team, is delighted with Crane's accomplishment.

a good barometer of how well we are doing."

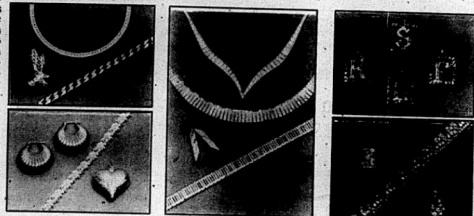

Other West Tech students taking part in the competition were Ralph Rudd, Don Shaw, Frank Teale, Darrel Johnson, Hugh Rolfe, Lonnie Avant and Rolando Ramos.

Information on the Diesel and Heavy Mechanics program or other classes at West Tech can be obtained by calling 998-4933 or by coming to the Tech Center at 2625 State Road 715, Belle Glade.

Gators meet Bucs in state semi-final play Friday night

By ERIC KOPP

BELLE GLADE — In what was termed by Glades Day head coach Byron Walker as "a big play game," the Gators took the measure of the American Heritage Patriots for a 20-16 Regional IV Championship title.

"It was a big play game which is out of character for us. They hurt us with their punting game because we worked so hard on their passing game all week," said Walker of last Friday's win.

The Gators led at intermission 8-0 on a 7-yard run by sophomore Ramsey Hayes. Tailback Jorge Suarez added the two-point conversion.

The 8-2 Patriots came marching back in the third as running back Joe Bonuso carried the pigskin in from 33 yards out. The two-point conversion was good and the score was tied at 8.

Late in the third quarter a 40 yard run by Suarez set up a 9-yard touchdown pass from quarterback John Hundley to wide receiver Jason Mann.

That score put the Gators on top 14-8. The Patriots fired their cannons again as they took a point, 15-14, lead with 6:56 left in the game on a 19-yard run by Frank McGill. The Gators weren't through yet, when with 1:30 left Hundley tossed a 55-yard touchdown strike to Suarez to give Glades Day their regional championship.

Suarez once again led the Gators with 2 interceptions, a 2-point conversion and 82 yards rushing on 11 carries.

The Gators ran for 162 yards and passed for 67 while their counterparts ran for 143 and passed for 98.

With last Friday's victory the Gators will face, for the second consecutive year, the Tampa-Berkeley Prep Buccaneers in a semi-final match-up in Tampa.

The 11-0 Buccaneers are ranked second in the state and will no doubt use last year's 6-2 loss to the Gators as an incentive for this year's game.

"We're facing the same team we faced last year. I mean the same team. They only lost four players from last year's squad," said Walker.

According to Buccaneer head coach Al Pisano his team is led by their two running backs Andy McQuade and his son Fred Pisano.

For the year McQuade has gained a total of 550 yards while Pisano has amassed 1,171 rushing yards.

In last week's 27-13 win over Frostproof McQuade carried the ball 22 times and gained 96 yards, while Pisano gained 114 yards on 17 carries.

Walker said the Buccaneers are mainly a running team that is a year older and bigger, but he feels his Gators are a lot quicker.

"I expect the game to be similar to last year's with some hard-nosed kids playing a physical hard-fought football game," said Pisano.

Pisano said playing the Gators on his home field will definitely be an advantage and so will experience.

"We're a little older than they are and our kids have been here before, so I don't think we'll feel as much pressure as they will," he said in an interview Monday.

Both coaches agree their philosophies are much the same and that comparative scores don't necessarily matter in a game of this importance.

The Gators fell 15-8 to Frostproof earlier in the season, while the Buccaneers defeated the Bulldogs 27-13 last week.

Both coaches also agreed the margin of victory may lie in the hands of the two coaching staffs.

"I think the coaching staff that does the best job will win the game," said Walker.

Kick off for the Gator-Buccaner contest is set for 8:00 p.m. in Tampa.
